

The NPM at the ITS World Congress, Hamburg

Panel Session: Pathways to Future Mobility – Solutions and Perspectives. Results of the German National Platform Future of Mobility 2018-2021

When: Wednesday, 13.10.2021

Where: Congress Center Hamburg (CCH) - Room Z

Time: 1:15 - 4:30 p.m.

As part of the high-level program of the World Congress on Intelligent Transport Systems (ITS), the NPM presents the work of the past three years to an international audience of experts. As chairman of the NPM Steering Committee, Prof. Dr. Henning Kagermann welcomes numerous high-profile participants from politics, business, science and civil society, in addition to the six working group leaders. In three panel rounds, two spotlight sessions and a fireside chat, the future of mobility will be examined from different perspectives. The English-language NPM event will be moderated by Carmen Hentschel.
